AMERICAN HEROES

Veterans Day falls on November 11th each year, though it's observed on the following Monday if it happens to fall on a weekend.

Veterans Day provides us with an opportunity to honor the men and women who have made immeasurable sacrifices for our country. And while it's often confused with Memorial Day – the holiday in May that recognizes veterans who perished in the line of duty – Veterans Day is more focused on celebrating the millions of veterans who still walk among us.
